

4th CORE Conference in GAZZADA (It)

The 2024 edition was organized by our dear friends from District 2042 at Villa Cagnola, a marvelous location near the Lake Laggo Maggiore. Participants were welcome by Carlo S.N. Fraquelli, DG of 2042.

As usual Saturday was packed with working sessions when on Sunday it was more relaxed, exchanging views on future paths to consider.

Hereafter a quick summary of the various working sessions :

A – [Twinnings](#) // B – [Global Grants](#) // C – [Existing projects](#) // D – [Development of new projects](#)

Moreover, on Saturday afternoon, we had a fantastic session about “**The challenges to maintaining internal cohesion and peace outside the borders of the european union: what role for CORE?**”. The [key note speech](#) by Ambassador Valensise was followed by an animated discussion on how CORE could/should contribute to the challenge.
